

Abstract Requirements

Paper A4 SIZE

PAGE LAYOUT – Top / Bottom / Left / Right –2.5 cm (1”)

FONT - Times New Roman

ABSTRACT TITLE - Type size 14 point / Upper case / Style BOLD / Alignment centered

AUTHOR INFORMATION

- Type size 12 point and Style Normal for name
- Type size 10 point for Organization, City, Country, present address
- Style Italic for Organization, City, Country, present address
- Upper and lower case
- Alignment centered

BODY COPY - Type size 12 point / Upper and lower case / Style Normal / Alignment Justified
The abstract should **not** include formulas and figures.

Example of ABSTRACT

Parameter Estimation and Hypotheses Testing for Nonhomogeneous Poisson Process

Ilia B. Frenkel¹, Ilya B. Gertsbakh² and Lev V. Khvatskin¹

Key words: Nonhomogeneous Poisson process, goodness-of-fit tests, comparing of powers of tests.

We consider data processing for a Nonhomogeneous Poisson process (NHPP) with Log-linear and Power-law intensity functions. Parameter estimation is carried out by the maximum likelihood method.
